

Welcome to Term 4, 2021

What an eventful year! Can you believe it is Term 4 already? We wanted to let you know about our learning for Term 4. Hopefully we will be returning to school soon, but in the meantime, we will endeavour to cover as much learning as we can during our online daily zoom calls with our classes and choice activities.

Important Dates for Term 4

Week 1, October 18 – 22 – Distance Learning

Monday October 25 – Labour Day – School Closed

Tuesday October 26 – Teacher Only Day – School Closed

Friday December 17 – Last Day of School. School closes at 12pm

Our school wide Inquiry Topic this term is **Celebrations**.

Key understanding: We all celebrate in different ways

Driving question: Why do we celebrate?

We will be looking at a variety of celebrations from different places around the world.

Physical Education - We will be training for our annual athletics day, which will be held in the school grounds. Date to be confirmed due to Covid restrictions.

Maths - We shall continue to discuss and revise addition and subtraction strategies using money, as well as proportions and ratios. When we are able to return to school, we will also be reviewing perimeter and area.

Written Language - We will be focusing on persuasive writing in the form of advertising, invitations and posters. We will also continue practising other skills around narratives and poems.

It is certainly another full and busy term, although we are constantly adapting and changing our plans due to the unprecedented times.

Warm Regards, from the Year 3 Team,

Claire Garnett/Anna Smith, Jody Kukard, Caley Plinston/Libby Brereton
